### C. Introduction of Guests

#### 1. Mary Catherine Manning, Positive Coaching Alliance

PCA Used to have a partnership with us a couple of years ago. Brought folders. She is new in the area, from DC will now be working in Sacramento. Started in 1998, trying to create a more positive coaching environment. They started by working with the coaches, they found that did not go far enough, now they are working with more than just the coaches. They have coach job descriptions, etc. coach workshops, now they have 3 coach's workshops. They coaching for life lessons, honor the game, defining sportsmanship. Offer tools to the coaches. For redefining winners. The ones who are there to do their best are the ones who achieve more. They offer the coaches many tools to create a better culture. The third principle is filling the emotional tank. Offer the coaches more tools for filling the emotional tanks of their players. Using a buddy system to help create a fuller emotional tank. Parent workshop. Second goal parent. Teaching life lessons, the role of being a supportive parent. What a positive coach parent relationship looks like. Partnerships can be on a league level. Or a club level.

#### 2. Registration & Fingerprinting, Cherie Faulconer

Feed back for live scan. All is going well so far. Chad (SI), Antonio (N) both have done live scan and are happy so far. Sexual predators will say oh sure yes I was finger printed. Please compare your list, to who is actually being fingerprinted. Make sure your registered coaches are fingerprinted. Some coaches have not included what club they belong to if they are going to a different clubs fingerprinting.

FEC has not scheduled for fingerprinting. Send Jack Millard Email Status of the club, have not been attending. Is on vacation, he is going to send an email. Jack is having all of his coaches attend the other clubs for fingerprinting.

Photos issues again this year. Registration calendar passed out by Cherie Faulconer. The company that is doing the fingerprinting is willing to do extra sessions. How are arrangements being made for the fingerprinting sessions?

Arden Park has a few missing; metro has a few with delays.  
DOJ is turning around the prints in about 48 hours.

4. Sportsmanship Committee Chairman, Danny Marquez
  - a. No report
5. Scheduler & Statistician, Bill Norris
  - a. Bill sent an email saying remind all managers he will need a list of teams and coaches and age groups, shortly after the July meeting. Danny – district meeting there are 7 teams almost all players and coaches live in Natomas, they appear to be from SYSL. Apparently there were some teams from Guadalupe, which used some of the Sac North or Natomas fields. All liability is being ignored. They are division 3 teams. They had some games at Southside Park, but were showing up and the fields were locked. They were going to other fields to play. Kathy wants Marlene and Joe to talk to work this out. They are covered by insurance. They are playing under their own rules. Joe asked Danny to contact Marlene so we can get this resolved. The teams need to come back and work under the rules or go elsewhere.
6. Statistician, Tom Awalt Not present
7. Appeals Committee – See By Laws under New Business

Acceptance of Minutes for February meeting, correction Mike Salman was in attendance at the Feb meeting, motion to approve by Chad second by Danny, yes 10, No 0, abstentions 2
